

This FP Limited Warranty is for FP ink jet cartridges and ink jet printheads

Each FP ink jet cartridge or ink jet print head is warranted to be free from defects in materials and workmanship during the warranty period. This warranty pertains to any FP ink jet cartridge or ink jet printhead when used in its designated FP mailing machine.

What this warranty does not cover

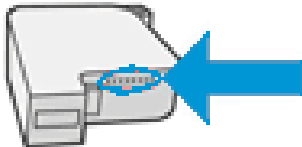

This warranty does not cover FP ink jet cartridges or ink jet printheads that have been refilled, remanufactured, refurbished, misused, or tampered with. If failure or damage to ink cartridges or printheads is attributable to the use of a non-FP, expired or refilled ink cartridge, or to the use with a non-designated FP or unauthorized OEM printing device, FP is not responsible for the cost of replacement.

How long the coverage lasts

Ink jet cartridge and ink jet printhead coverage lasts until the ink is depleted or the "Warranty End" date has been reached, whichever occurs first.

Warranty End date location

To find the Warranty End date, check the location on the ink jet cartridge indicated on the example below. The date follows the YYYY/MM/DD format.

What FP will do

FP will replace the product under warranty that proves to be defective.

How to make a claim

If you experience a problem with a FP inkjet product, prior to the warranty end date and ink not depleted, return the product prepaid to FP. Include your company information, account number and the model and serial number of the machine. If found to be defective, it will be replaced at no charge.
