

LO 210 Automatic Letter Opener

Mid-sized incoming volumes. High speed outputs.

The LO 210 Letter Opener is designed with small and medium operations in mind, the Series 210™ is the latest addition to the world's most advanced envelope opening product line. Utilizing state-of-the-art milling cutting technology, the Series 210 is a compact tabletop unit ideal for operations opening between 200 and 2000 pieces per day. With the ability to open a wide range of envelopes, the Series 210 is both quick and efficient.

Unmatched Cutting Advantage.

The advanced high-speed milling technology found in the Series 210, prevents cut contents and produces a smooth, soft and feathered edge for easy extraction.

Other cutters, such as slicing or guillotine style cutters, can often leave a jagged and rough cut edge that may result in painful paper cuts or damaged contents.

Low Waste. High Efficiency.

The Series 210 minimizes the amount of waste produced throughout the extraction process. Since our milling cutter “chips” away the edge of the envelope, the tiny chips are channeled into a large capacity chip bin that can be easily emptied. This enables the work area to be free of unwanted scraps and waste, improving the efficiency of your extraction process.

Special Features

- Cut Depth Adjustment Knob
- Opens up to 400 letters per minute
- Minimizes cut contents
- Opens a variety of mixed mail sizes and thicknesses
- Edge to edge opening
- Soft feathered edge to minimize paper cuts
- No-cut setting for envelope counting
- Three cut-depth settings for optimal cutting
- Adjustable output tray for flats & longer envelopes

LO 210

Automatic Letter Opener

Specifications

Length	40.5" (1028.7mm)
Depth	16.5" (419.1mm) or 18" (457.2mm) with power cord
Height	14.3" (363.2mm)
Weight	52lbs (23.6kg)
Speed	Up to 400 envelopes per minute (6" envelope)
Envelope Sizes & Types	All sizes and types (including overnight envelopes)
Thickness	Up to .188" (4.8mm)
Depth of Cut	From .01" - .07" (.25mm - 1.79mm)
Power	110 - 120 VAC, 60HZ, 5A, 220 - 240 VAC, 50HZ, 3A
BTU Rating	TBD

All-New Cut Depth Adjustment Knob

- Three cut-depth settings for optimal opening of a wide variety of mixed mail sizes and thicknesses, including flats and overnight envelopes.
- No-cut setting ideal for counting envelopes.
